

Title

State of the Union

- Nathan
 - ESPN, ABC have agreed to televise Overwatch
 - Money is coming in through sponsorships and merchandise
 - Mostly young European players
 - Highprofile investors looking at LIVE streaming cause its captive eyes
 - Twitch -> Network
 - Nathan working on learning Python
 - Working on python / Django
 - Comfortable enough to program with QA
 - Knows where to look, just slow
- Alec
 - Current legislation / landscape
 - Pennsylvania, New Jersey, Mississippi, Delaware
 - Most need an expensive license
 - Often must be casinos or racetrack
 - Looking like there will be partnerships with FanDuel / DraftKings
 - Thinks would have to work with casinos not against
 - Montana
 - Own a liquor license
 - Allows peer to peer betting
 - Interested in “satellite casinos” concept
 - **Sports** are explicitly defined as “4 main sports”
 - 36% tax in Pennsylvania

Saturday, July 21, 2018

- Dan
 - Working on creating a unified tech stack
 - Moved to python
 - Django

Takeaway: Next Meeting is Thurs Aug 2nd, 8pm eastern time

Alec

All laws for all 5 states

collected

analyzed

summarized

Nathan

Complete “hello world” in Django

Daniel

Will have Django Framework uploaded to GitHub

Quality: good enough for Nate to add individual functions
